Really caring for older people

Brendoncare

Meadway

Brendoncare Meadway enables older people to live independent, happy and fulfilling lives. Located in a quiet residential area of Winchester, the house stands in its own gardens with views overlooking St Catherine's Hill. It was founded during the 1960s to provide 24 hour individual care for those who could no longer live independently at home, and today cares for 13 residents.

Combining warmth and community spirit with professional expertise, Meadway is run along the lines of a comfortable and caring family home. It enables residents to be cared for, secure in the knowledge that their individuality and privacy will be respected at all times.

An attractive Dining Room and a Sitting Room overlook the garden and are focal points for many of the social activities within the home. These rooms are attractively furnished and provide a comfortable atmosphere where people can spend time with each other.

There are 13 single bed-sitting rooms, all with en-suite facilities or private bathroom, and a communal bathroom equipped for assisted bathing. Most of the bedrooms have a view of the attractive mature gardens. Residents are encouraged to bring their own furniture and cherished personal possessions and to arrange their room as they choose so that it really feels like home.

Brendoncare Meadway has close links with the local community and there is a programme of social events and activities. A network of Friends visit regularly and help run errands. Residents are encouraged to continue with previous leisure interests. Social activities include 'keep fit', arts and crafts, baking, reminiscence, quizzes, games and outings. Meadway is close to the bus services to Winchester and Southampton and within walking distance of St Cross Church and the water meadows.

Meals are seen as an important part of the day and the chef provides a wide variety of home-cooked meals which are appetising and well presented, and always meet high nutritional standards. Special diets and personal preferences can be catered for. Residents can be served in their rooms but many enjoy the relaxed atmosphere of the spacious south-facing dining room where their family and friends can join them. We are always pleased to celebrate birthdays, anniversaries and other special events. Family parties can also be arranged.

The philosophy of the home is that residents should be able to make decisions for themselves and choose how to spend their time. There are plenty of opportunities to be sociable but for those who prefer more peace and solitude, their privacy is respected.

Led by an experienced Home Manager, the staff at Brendoncare Meadway work as a close team and are committed to the Brendoncare philosophy. They make every effort to provide care which promotes privacy and dignity, and to understand each resident's needs and preferences. Well-trained Care Assistants are always on duty, and all the staff receive continuous education and development. Local GPs support the home and visit regularly so that residents can be registered with the doctor of their choice. A chiropodist, hairdresser and mobile library visit regularly, and other services can always be arranged.

Brendoncare Meadway provides a home where older people can be helped to live as normally as possible and where the emphasis is on quality and enjoyment of life. The staff offer discrete care and support and are proud to do so in an atmosphere where residents can feel they are still in charge of their own lives.

For more information about permanent or respite care, please contact the Home Manager at Brendoncare Meadway.
